

**Tori L. Thompson**  
Principal

### PROFESSIONAL EXPERIENCE

Ms. Thompson is experienced in management and finance as well as computer networking and information technology. She has served in lead positions for major projects including the Parkland Renovation Project and several school renovations for the 2007 FWISD Bond Package.

### PROJECT EXPERIENCE

- **Crowley Recreation Center, Crowley, Texas** - Principle-In-Charge in the design of mechanical, electrical, plumbing and fire protection of a new 35,000 square foot recreational center. The recreation center consists of two basketball courts, aerobics, weight lifting, indoor jogging track, a kitchen, multi-purpose rooms and offices. The building was designed using the Autodesk Revit BIM software.
- **Dunbar Middle School, Fort Worth, Texas** - Principle-In-Charge of the project and provided plumbing and technology design for the \$1.7 million renovation of the 65,500 square foot school. The renovation included upgrades to the public address system, security video system, network infrastructure, electrical, lighting and HVAC.
- **S.S. Dillow Elementary School, Fort Worth, Texas** - Principle-In-Charge of the project and provided plumbing and technology design for the \$1.5 million renovation of the 62,500 square foot school originally constructed in 1936. The renovation included upgrades to the public address system, security video system, network infrastructure, electrical, lighting and HVAC.
- **D. McRae Elementary School, Fort Worth, Texas** - Principle-In-Charge, providing plumbing and technology design for the renovation and addition of the \$3.5 million, 68,000 square foot project. The renovation included upgrades to the public address system, security video system, network infrastructure, electrical, lighting and HVAC. The 13,500 square foot new addition consists of an art room, computer labs, and science rooms.
- **Southwest High School, Fort Worth, Texas** - Serve as lead designer in plumbing and technology of the 12,000 square foot design of mechanical, electrical, plumbing, and fire protection of a new state-of-the-art band hall. The new band hall will consist of Wenger practice rooms, and two band halls. The 5,200 square foot renovation will consist of two Wenger recording rooms. The mechanical, electrical and plumbing systems were designed to preserve the delicate acoustical balance needed in the new band hall and Wenger recording rooms.
- **Tarrant County Civil Courts Building, Fort Worth, Texas** - Principle-In-Charge of the electrical lighting design. The new civil courts building includes

**YEARS EXPERIENCE** 21

### EDUCATION

Bachelor of Business  
Administration, Finance  
West Texas State University

### ORGANIZATIONS

ASPE  
BICSI  
NFPA

### COMPUTER EXPERIENCE

#### Software:

Quickbooks Pro, MAS90,  
Peachtree, Microsoft Excel,  
Microsoft Explorer, Microsoft  
Outlook, Microsoft PowerPoint,  
Microsoft Project, Microsoft  
Word, Word Perfect, Adobe  
Acrobat, Adobe Photoshop,  
Norton's Antivirus Corporate  
Edition, Norton's Utilities, Veritas  
Backup Exec. with Disaster  
recovery and Critical Open File  
Applications, PowerSync, Small  
Business Server 2003

#### Programming:

Created and wrote Macro  
programs for international buyers  
of Michaels and Sabre

#### Hardware:

Installation of LAN and Firewall,  
Network Administration for NT  
4.0, Small Business Server 2003
